1 Day one average cover

Subject to the following special conditions, the amount payable for property under sums insured marked 'DA' in **your** schedule will be calculated as reinstatement of the **damage** to the property.

Condition of average (under insurance)
The cover for each item is deemed to be subject to average i.e. if the property at the time of **damage** is valued at more than 115% of the **declared value** stated in **your** schedule then **you** will be considered as self insured for the difference and will be responsible for a proportionate share of the loss.

2 Stock declaration condition

The premium for any item in **your** schedule where the sum insured is marked 'D', is provisional and subject to adjustment as below.

Within 30 days of the end of each calendar month **you** will declare to **us** the value of the

property on the last day of that month. If a declaration is not given, **you** will be deemed to have declared the sum insured as the value.

On the expiry of each **period of insurance** the actual premium will be calculated at the rate applicable on the total of the amounts declared divided by the number of the declarations, where a declaration is not received the sum insured will be used. If the actual premium is greater than the provisional premium **you** will pay the difference to **us**. If it is less **we** will pay the difference to **you**.

The sum insured will not be reduced by the amount of any loss. **You** will have to pay an appropriate extra premium on the amount of the loss from the date of the loss until the expiry of the **period of insurance**.
